1. As previously reported in reference the articles sent to us as enclosures to HUL-A-532 were transmitted to [] []. On 4 May 1954 [] [] reported that [] [] has completed arrangements to have them published in [] [] [] and []. You are familiar with the former from previous reports. The latter, [] is reportedly the official [] The Director [] who recently told an ODACID officer that the circulation of his weekly publication is approximately 5,000 copies. [] reported that personnel of both publications were pleased to get the articles. [] indicated a preference for articles with a social doctrine content, strongly anti-communist, but with little emphasis on domestic politics. [] [] has promised to get copies of both publications containing the subject articles as soon as they appear (this week, according to [] []).
2. We have been highly pleased with the response of [] [] and [] [] since this channel was opened. If they continue to perform in the future as they have to date, it appears that this complex will be a distinct asset.
